

The Valley School Class Newsletter

March 2020

Valley School Curriculum Themes:

- Dr. Seuss
- Dinosaurs
- Outer Space

Piglets

Piglets Families,

Hello, I'm Ms. Lynda and the new teacher for the toddler classroom. I would like to tell you a little about myself. I have been in childcare for many years. I formally worked with Ms. Lisa at KinderCare and she asked me to join the staff here, knowing I would be moving to Frederick soon. Everybody has been kind and I look forward to building a caring relationship with your child and family. 😊

February went by so fast. The toddlers enjoyed learning about healthy foods and healthy bodies. Pretending to cook in our play kitchen, doing exercises and taste testing new foods. This month in March we will be learning about "Dr. Seuss, Dinosaurs and Outer Space". They will be exploring wet and messy sensory items that will relate to our awesome themes. We will be practicing fine motor skills doing fun art activities together and learning new vocabulary words in sign language!

In celebration of Dr. Seuss' birthday the students will have fun listening to silly stories and rhymes by the famous author. Books like "Green Eggs and Ham" "Foot Book" and "Fox in Socks" will be read to all the children. 😊

Friendly Reminder: We still take walks outside on the playground, weather permitting, so please be sure to bring in appropriate clothing for your child. Thank you

Sincerely,

Piglet Staff
