## November 2020

Rabbits' Families,

October was fright-tastic! We did some cool and spooky crafts along with others that related to our fall and farm themes! We had fun doing activities like stamping leaves and painting with tractors! We are extremely excited for what November has in store!

Our two new themes for November will be focusing on "Community Helpers and Transportation". The students will learn about special community helpers such as: police officers, firemen, nurses, and mailmen. We will be sure to have fun building blocks and pretending to be construction workers too in our dramatic play area!

We are not only changing themes but also weather! So please remember to bring a sweater/jacket with your child's name labelled on it. We will also be doing an inventory of the extra clothes to make sure they are warm (long sleeves, long pants, no shorts) for the cool weather expected.

*Fun at home activity: Do not throw away your empty boxes! Use them for a game of pretend and make a construction site! You can use them to stack, build or create and really let your child use their imagination.*

Thank You,  
Ms. Lizzy and Ms. Lorraine
